

What is this show about?

Just imagine a stage filled with flying juggling clubs, hoops of all sizes, and yes, even bowling balls! Throughout this high-energy comedy show, Matt Jergens will have your audience rolling with laughter as he uses these items and a variety of other props to defy gravity in a way never before seen.

His fast paced routines choreographed to swing music and other nostalgic tunes will have your audience feeling like they are ready to dance. Also, two unsuspecting members of the crowd will get a chance to learn how to juggle, with a little help from Matt, and some musical selections from “The Nutcracker.”

Of course, quickly becoming the crowd’s favorite routine is the egg balance trick. This is where Matt balances a basket of eggs on a pole that extends 20 feet in the air! He then takes it a step further by juggling while doing this! Truly a sight to be seen.

Your audience will be on the edge of their seats as he finishes the show by riding around on his tall unicycle and juggling set rat traps! So, if your looking for big laughs and spectacular stunts, let Matt Jergens make your event one to remember for years to come.
